## “LOOKING UP AND UPWARD AND OUTWARD”

I remember in the late 60's the announcements from the media and those of the "Hippy" movement that God was dead. Today, many of those same people have concluded that they were wrong. Many, who were gleefully announcing the death of God, finally grew up, and had to come to terms with eternal destiny and the ultimate questions concerning the purpose and meaning of life. What many of those people discovered later in life was that their answers for those issues only left them empty and in deep despair. Many came to the conclusion that the very ones that they had mocked in the late 60's were right after all. The cycle seems to continue. It seems that in every generation there are those who try to use every way possible (including government and laws) to shut God out of human life so humans can live the full life, only to later realize it is only with God can we truly have the full life. If humanity wishes to discover the meaning of life, they must be challenged to return to the only message of hope, the gospel of Jesus Christ. Solomon was right; there is nothing new under the sun. I guess every generation just had to find out for themselves what every generation before them has already discovered, but they have to learn it the hard way. That is why we are here, to offer the message of hope for those who have finally experienced how hopeless life is without God. And when the world again rushes in to try to shut down the preaching of the good news, we must echo the words of our brothers, Peter and John who said, "Judge for yourselves whether it is right in God's sight to obey you rather than God. For we cannot help speaking about what we have seen and heard" (Acts 4:19-20). That should be our answer to any government, group or person who attempts to stop the preaching of Jesus Christ and Him crucified! May God give us the boldness to preach the truth, and the wisdom to preach it in a way that glorifies Him, regardless of how it is received.

I love you all, Jack Cummings
