"LOOKING UP AND OUTWARD"

How do Christian parents survive in a world that wants to teach, take and rob them and their children of everything that is important to being godly people? We want our children to know God, but society says that God is not that important, and some even want our children to "grow up" and get over the "childish" concept that there is a God. We want our children to have godly values like character, integrity and purity, but the world wants them to get rid of such thinking by telling them that you only go around once so get all the experiences of life anyway you can. And how about the parents who want to be the kind that will please God only to be chastised by the world for standing for principles that go counter to worldly thinking. So how do we survive? The same way we accomplish other goals in life...we keep our eyes on the goal. When the world whispers in our ear that it is not worth following Jesus, or that we are ancient in our thinking, just remember the goal, because that is really what is being attacked. Satan has done a good job of recruiting those who would try to influence God's people to take their eyes off the Goal, and the sad part is that they do not know they are his advocate. Maybe a better way to defeat the attacks is to start teaching the advocates why we have a goal and who He is!

I love you all, Jack Cummings

HELP NEEDED: We could use about 3-4 ladies or men Tues. June 1st to help with some folding of a new prayer request/membership form we will be using in the auditorium. If you can help, please come around 10 AM. Thanks!
